

ON-CAMPUS INTERVIEWS (OCI)

types of schedules & their timelines

Employers enter their own on-campus interview schedules into ePACK – the type of schedule chosen has a corresponding timeline. You will be able to apply for an interview through ePACK when you meet the employers requirements. When you do not, we suggest that you contact the employer directly.*

1. **Preselect schedules:**

Apply through ePACK before the “end date.” Employers review applicants and select candidates. You will be notified by email if selected or you can view your status in ePACK. Sign up for an interview in ePACK as soon as sign up begins.**

- Resume Submission Start Date – as soon as schedules are approved
- Resume Submission End Date – 12 school days before OCI
- Sign-up Start Date – 6 school days before OCI
- Alternate Sign-up Start Date – 5 school days before OCI
- Sign-up End Date – 4 school days before OCI

2. **Open schedules:**

Sign up in ePACK on a first-come, first-served basis.

- Sign-up Start Date – 20 school days before OCI
- Sign-up End Date – 4 school days before OCI

3. **Employers create their own schedules:**

Sign up for an interview with an employer directly. The employer may have found your resume in ePACK or perhaps you applied for a position. Some employers create their own interview schedules while meeting students at career fairs. You do not apply or sign up through ePACK.

* This one step can create an interviewing opportunity!

** Some employers preselect more students than can be accommodated. Sign up is on a first-come, first-served basis. Sign up early!
